CURRICULUM VITAE

Amai Mahesha, *PhD(IIT Bombay)*

Professor (H.A.G.), Department of Water Resources & Ocean Engineering

Formerly Head of the Dept., Associate Dean (PG & Research)

National Institute of Technology Karnataka, Surathkal – 575 025

Mangaluru, INDIA; E-mail: amaim@nitk.edu.in; Web: http://www.nitk.ac.in

Tel: + 91 0824 2473306 (O); + 91 0824 2474306 (R); Fax: + 91 0824 2474033

Member- ASCE, AGU, IAHS, IAHR, FIE, ISH, IAH, ISTE

Academic

BE (*Civil Engg*)	KREC Surathkal	7th Rank, 1985
MTech (*Hydraulics & Water Resources Engg*.)	KREC Surathkal	1987
PhD (*Water Resources Engg.*)	IIT Bombay	1993
Postdoctoral Research (Civil Engg)	IIT Bombay	1993-95
Postdoctoral Research (*Water Resources Engg*)	Technical University, Halifax, CANADA	1995-96

Professional experience

Teaching at NITK Surathkal since 1996

Areas of Research Interest

Water Resources Engineering, Groundwater Engineering, Numerical Modelling, Seawater Intrusion, Climate Change, Conjunctive Use.

Research Publications - Journals

1. Neenu, K. and Amai Mahesha (2026). Numerical investigation of pumping-induced seawater intrusion risks under varying well configurations in a hypothetical coastal aquifer. *Modeling Earth Systems and Environment*, 12:145, 1-14. https://doi.org/10.1007/s40808-026-02794-9

2. Sharannya, TM, Venkatesh, K. and A.Mahesha (2026). Assessment of river flow due to anticipated climate and land use changes in the Western Ghats, India. *Earth Systems and Environment*. 1-21. https://doi.org/10.1007/s41748-026-01058-x

3. Renuka S., Degavath Vinod and Amai Mahesha 2025. Modeling of short-term meteorological drought under changing climate in Gujarat, India. ***Theor Appl. Climatol.*** 156, 641, 1-18. https://doi.org/10.1007/s00704-025-05882-5.

4. Mamidi HariKrishna, Vinod, D., S. Desai and Amai Mahesha (2025). A multivariate index-flood approach for flood frequency analysis of ungauged watersheds: A case study on the state of Kerala in India. *Acta Geophysica, 73, 4691-4708.* *https://doi.org/10.1007/s11600-025-01640-3*

5. Praveen Kumar, G., Vinod, D., Dwarakish, G.S. and Amai Mahesha (2025). Multi-criteria decision-making and machine learning based CMIP6 general circulation model ensemble for climate projections in a tropical river basin in India. *Acta Geophysica*, 73, 4999-5018. https://doi.org/10.1007/s11600-025-01623-4

6. Vinod, D. and Amai Mahesha (2025). Characterizing extreme rainfall using Max-Stable Processes under changing climate in India. ***J. Hydrology***, 655 (2025), 132922, 1-18. https://doi.org/10.1016/j.jhydrol.2025.132922

7. Vinod, D. and Amai Mahesha (2025). Modeling non-stationary 1-hr rainfall for Indian river basins under changing climate. ***J. Hydrology,*** 652(80), 132669, 1-17. https://doi.org/10.1016/j.jhydrol.2025.132669

8. Vinod, D. and Amai Mahesha (2024). Spatial-Dependence of Extreme Rainfall and Development of Intensity-Duration-Frequency Curves using the Max-Stable Process Models. ***J. Hydrologic Engg., ASCE,*** 30(1), 04024053 https://doi.org/10.1061/JHYEFF.HEENG-6326

9. Archana, T.R., Vinod, D. and Amai Mahesha (2024). Decadal Trends and Climatic Influences on Flash Droughts and Flash Floods in Indian Cities. ***Urban Climate,*** 58(2024), 102143. https://doi.org/10.1016/j.uclim.2024.102143

10. Vinod, D. and Amai Mahesha (2024). Modeling nonstationary intensity-duration-frequency curves for urban areas of India under changing climate. ***Urban Climate,*** 56, 102065, 1-22. https://doi.org/10.1016/j.uclim.2024.102065

11. Gautham Jagrathi, O. Sungmin, Vinod D. and Amai Mahesha (2024). Evaluation of GPM IMERG satellite precipitation for rainfall-runoff modelling in Great Britain. ***Hydrological Sciences Journal*** https://doi.org/10.1080/02626667.2024.2394172

12. Rajendra Raj, Degavath Vinod and Amai Mahesha (2024). Downscaling algorithms for CMIP6 GCM daily rainfall over India. *J. Earth Syst. Sci*., 133, 104. https://doi.org/10.1007/s12040-024-02323-1

Hydraulic, Water Resources and Coastal Engg., (HYDRO 2019), Editors: Gopal Naik, M., Suresh Kumar N, Anjaneya Prasad, M, Raja Sekhar, P, Shashikanth K, Prasanna, SVSNDL and Harish Gupta, BS Publications, Hyderabad, ISBN: 978-93-8935-484-3, Vol. 1, 230-238.
79. Sharannya TM, Dinesh Kumar M. and A. Mahesha (2019). Assessment of the water balance of a humid tropical river basin. Proc. Int. Conf. Hydraulic, Water Resources

and Coastal Engg., (HYDRO 2019), Editors: Gopal Naik, M., Suresh Kumar N, Anjaneya Prasad, M, Raja Sekhar, P, Shashikanth K, Prasanna, SVSNDL and Harish Gupta, BS Publications, Hyderabad, ISBN: 978-93-8935-484-3, Vol. 1, 602-608.

80. Dinesh Kumar M., Sharannya TM and A. Mahesha (2019). A comparative study on univariate and bivariate flood frequency analysis in the Netravathi basin, Karnataka. Proc. Int. Conf. Hydraulic, Water Resources and Coastal Engg., (HYDRO 2019), Editors: Gopal Naik, M., Suresh Kumar N, Anjaneya Prasad, M, Raja Sekhar, P, Shashikanth K, Prasanna, SVSNDL and Harish Gupta, BS Publications, Hyderabad, ISBN: 978-93-8935-484-3, Vol. 1, 609-617.
81. Sarika, M. and A. Mahesha, (2019). Monthly reference evapotranspiration estimation using an ANN model for Surathkal, Karnataka. Proc. Int. Conf. Hydraulic, Water Resources and Coastal Engg., (HYDRO 2019), BS Publications, Hyderabad, ISBN: 978-93-8935-484-3, Vol. 1, 3036-3039.
82. Krishnan, C. and A. Mahesha (2019). Impact of Rainfall Trends on Groundwater in the Humid, Tropical Coastal Region of India. Proc. American Geophysical Union Fall Meeting (2019), H51K-1636.
83. Formetta, G. S., Deb Barma, A. Mahesha and R. Rigon (2019). Quantifying flood and drought hazards and impacts on a large data-scarce Indian river basin. Atti delle Giornate dell'Idrologia 2019, Bologna, Italian Hydrological Society, 13.
84. Sharanya T.M., Amogh, M. and A. Mahesha (2017). Hydrologic impact of climate change on Gurupura catchment, India, Proc. X Int. Geographical Union Conf. on Urbanization, Health & Wellbeing and Sustainable Development Goals. March 17-19, 2017 held at Osmania University, Hyderabad, p.64
85. Subrahmanya, K., A.Mahesha and A.Mohan (2017). Groundwater Modelling in and Around Gurupura Wetlands, Dakshina Kannada District, Karnataka. Proc. National Seminar on Biodiversity Conservation and Farming Systems for Wetland Ecology, 22-23 February 2017, Regional Agricultural Research Station, Kerala Agricultural University, Kumarakon, Kerala, pp. 179-180.
86. Amogh, M., R. Raikar, B. Venkatesh and A.Mahesha (2017). Impact of Climate Change on the Hydrology of West-Flowing Rivers in the Western Ghats, India. Proc. Int. Conf. Hydraulic and Environmental Systems, held at Belgaum during 23-25 March, 2017, KLEMSS College of Engg & Technology, Belgaum, KLE Technological University and NIH Belgaum.
87. Vineeth, V., P. Ramachandran and A.Mahesha (2016). The Impact of Water Pricing on Equity in the Water Supply of Bengaluru City. International Water Loss Conference, held at Bengaluru during Feb. 1-3, 2016, International Water Association.
88. Priyanka B.N., M.S. Mohankumar and A.Mahesha (2016). Large Scale Modeling of Seawater Intrusion: A Case Study. International Conference on Lowland Technology held at Mangaluru during September 15-17, 2016, International Association of Lowland Technology, Japan and NITK Surathkal
89. Amogh M. and A.Mahesha. (2016). Performance of bias correction methods for Malaprabha catchment, India. Proc. Int. Conf. Hydrol. Water Resour. (HYDRO 2016), Dec. 8-10, 2016, Indian Society of Hydraulics, Pune.
90. Priyanka BN and A.Mahesha (2015). Parametric studies on saltwater intrusion into coastal aquifers for anticipated sea level rise. Elsevier Aquatic Procedia 4, 103-108. https://doi.org/10.1016/j.aqpro.2015.02.015

91. Lathashri UA and A.Mahesha (2015). Simulation of saltwater intrusion in a coastal aquifer in Karnataka, India. Elsevier Aquatic Procedia 4, 700-705. https://doi.org/10.1016/j.aqpro.2015.02.090
92. Amogh Mudbhatkal, B. Venkatesh, RV Raikar and A.Mahesha (2015). Climate Change Impact on the Small-Scale Western Ghats Catchment, India. Int. Conf. Hydraulics, Water Resources and River Engineering, (HYDRO 2015), IIT Roorkee, 76.
93. Archana K. and A.Mahesha (2015). Studies on climate change impact on west flowing rivers of Karnataka, India. Int. Conf. Hydraulics, Water Resources and River Engineering, (HYDRO 2015), IIT Roorkee, 99.
94. Lathashri U.A. and A.Mahesha, (2014). Solute transport Modelling in tropical, coastal aquifer – A semi-conceptual approach. Proc. 4th Int. Conf. Hydrology and Watershed Management. Eds: K. Ramamohan Reddy and B. Venkateswara Rao, Centre for Water Resources, Institute of Science and Technology, J.N.T.U., Hyderabad, India
95. Lathashri. U.A. Mahesha (2014). Solute transport modelling of saltwater intrusion in coastal aquifers. Proc. International conference on Emerging trends in Engineering, Department of Civil Engineering, NMAM Institute of Technology, NITTE, Udupi District, Karnataka. ISBN: 978-93-83083-80-0.
96. Honnanagoudar, SS., DV Reddy and A.Mahesha (2013). Terrain analysis of pumping test and vertical electrical resistivity test of the southern west coast of Karnataka, India, Int. Conf., 23-24 May, 2013, Chennai.
97. Vyshali and A. Mahesha (2013). An Integrated Approach for the Assessment of Saltwater Intrusion into Coastal Aquifers- A Case Study from Karnataka, India, presented at Int. Conf. Integrated Water, Wastewater, and Isotope Hydrology held during 25-27 July 2013 at Bangalore University, Bangalore. 125-127.
98. Honnanagoudar, SS., DV Reddy and A.Mahesha, (2013). Aquifer characterisation and water quality investigations of the tropical aquifer of the west coast of India. Third Int. Engg. Symposium (IES2013), 4-6 March 2013, Japan.
99. Honnanagoudar, S.S., DV Reddy and A.Mahesha, (2012). Hydrogeological studies along the coastal tracts of Dakshina Kannada district, Karnataka. Nat. Conf. Advances in Earth Sciences, Structural, Geotechnical and Earthquake Engg. (AESG2E-2012), Hyderabad, 4-5 Oct. 2012, 1-9.
100. Ramesh, H. and A.Mahesha, (2011). Groundwater modelling to simulate groundwater levels due to interlinking of rivers in the Varada River basin, India, Proc. 4th Int. Conf. Modelling, Simulation, and Applied Optimisation (ICMSAO), IEEE, ISBN 978-1-4577-0005-7/11. DOI: 10.1109/ICMSAO.2011.5775585

R& D Projects

1. *Impact of Climate Change on Water Resources in River Basins from Tadri to Kanyakumari – River Basin Scale Analysis*. Ministry of Jal Shakti, Govt. of India. 2018-22; 34.159 Lakhs. (PI: Prof. Eldho, IIT Bombay; Co-PIs: Amai Mahesha, Amba Shetty, K. Varija and H. Ramesh)
2. *Unravelling Submarine Groundwater Discharge (SGD) zones along the Indian Subcontinent and its islands (Mission SGD)- Pilot Study.* Ministry of Earth Science, Govt. of India. 2018-22. 17.16 Lakhs (Co-PI)
3. *Strengthening PG teaching and research – Spectro radiometer and Random wave generator with accessories*. Dept. of Science & Technology, Govt. of India. 2014-19. 220 Lakhs (Co-PI)
4. *Status report on the efficacy of vented dams across the river Netravathi*. Dept of Science & Technology, Govt of India. 2007-08. 0.4 Lakhs.
5. *Studies on saltwater intrusion in the coastal D.K. district*. Ministry of Water Resources, Govt. of India. 2004-08; 14.5 Lakhs.
6. *Groundwater assessment and management of NMPT area*. New Mangalore Port Trust, Mangalore. 2000-03, 6.5 Lakhs (Co-PI).

Consultancy Works

1. *Feasibility study on coastal reservoir construction to impound Netravathi River flood waters: A sustainable strategy for water resources development for Mangalore*. Chairman, CSSP, Indian Institute of Science, Bengaluru- 12. May – Aug. 2017.
2. *Inspection and assessment of the removable sand quantity in the sand bars of the Netravathi, Gurpur, Nandini and Shambhavi Rivers of DK dist*. Dy. Director, Dept of Mines & Geology, Mangalore. January – May 2017.
3. *Inspection and assessment of the removable sand quantity in the sand bars of the Kali, Gangavali and Aghanashini Rivers of the UK district*. Dy. Director, Dept of Mines & Geology, Karwar. January – February 2017.
4. *Inspection and assessment of the removable sand quantity in the sand bars of Sharavathi, UK dist.* Dy. Director, Dept of Mines & Geology, Karwar. August – December 2016.
5. *Surge analysis for lift 3 of Chintalpudi irrigation schemes.* Superintending Engineer, ISRMC Circle, Eluru, AP. May -September 2013. (Co-PI).

6. *Surge analysis for lifts 2 & 3 of the Chintalpudi irrigation schemes*. Superintending Engineer, ISRMC Circle, Eluru, AP. May-July 2013. (Co-PI).
7. *Surge analysis for lifts 1,2, and 3 of the Chintalpudi irrigation schemes.* Superintending Engineer, ISRMC Circle, Eluru, AP. March – September 2013. (Co-PI).
8. *Comprehensive study for the drainage system for the MSEZ land during the 2012 monsoon.* MSEZ Ltd., Mangalore, February – May 2012. (Co-PI).
9. *Comprehensive study for the effect of river water level during flood conditions due to the strengthening of the river bank of the Gurpur River on the Panambur side.* MSEZ Ltd., Mangalore, February – April 2012 (Co-PI).
10. *Comprehensive drainage system for underground streams in MSEZ-graded plots.* MSEZ Ltd., Mangalore, February – May 2012 (Co-PI).
11. *Stormwater drainage study in MRPL, MSEX Corridor and OMPL areas.* MSEZ Ltd., Mangalore. April – June 2010 (Co-PI).
12. *Adequacy of drainage in the MSEZ area.* MSEZ Ltd., Mangalore. April -June 2009 (Co-PI).
13. *Cost estimation of AMR dam.* MSEZ Ltd., Mangalore. March – May 2009 (Co-PI).
14. *Hydrogeology of Kudur Farm, Kundapur.* Biome Env. Soln. Pvt. Ltd., Bangalore. May – July 2006. (Co-PI).
15. *Consultancy on the adequacy study of the existing raw water system.* MRPL, Mangalore. May -September 2007. (Co-PI).
16. *Depth and yield of the well along the bank of the river Netravathi.* Pavoor Gram Panchayat, Pavoor. February -April 2007.
17. *Yield test of a new open well.* NMPT Mangalore. March – May 2006.
18. *Design of water storage tanks at the ground level.* Mangalore Refineries and Petro Chemicals Ltd., May – September 2005 (Co-PI).
19. *Yield Test for open and bore wells on the campus.* Resident Engineer, NITK, Surathkal. January -May 2005.
20. *Design of effluent treatment plant.* New Pai Sales Corporation, Mangalore. September-November 2003.
21. *Design of Vented Dam at Maravoor for rural water supply project for 11 villages of Mangalore Taluk from Gurupur River under Rajiv Gandhi Drinking Water Mission.* D.K. Zilla Panchayath, Mangalore. 2002-14. (Co-PI).
22. *Investigations on waterlogging and the source of pollution around MRPL.* January – May 2000. (Co-PI)
23. *Design of Oil Catcher.* Mangalore Refinery & Petrochemicals Ltd., Mangalore. January – March 1999. (Co-PI).
24. *Design of Storm Water Drainage.* Mangalore Refinery & Petrochemicals Ltd., Mangalore. 1997-98 (Co-PI).

Administration

Institute Level:

1. Faculty in charge of Guest House (2013 – 2015)
2. Associate Dean (PG & Research) – Aug. 2007 – Aug. 2010.
3. QIP Coordinator – Jan. 2008- Aug. 2010.

4. Member, Implementation Committee, DASA – 2010
5. Presiding Officer for JMET, GATE and JEE during 2008, 09 and 2010.
6. Member, Common Admission Committee for MTech Program for NITs
7. Academic Committee for Convocation during 2008, 2009 and 2010
8. Member, Senate (2007 to date)
9. Convener of Green Engineering during Engineer 2008, 09 and 10.
10. Faculty Adviser for Events during the INCIDENT of 2008, 09 and 10.
11. Member, Anti-Ragging Committee during July – September of 2008, 09 and 10.
12. Counsellor, IGNOU for Open Channel Flow and Hydraulic Structure for Civil Engg Students during 2008, 09 and 10.
13. Member, Institute Water Management Committee

Department Level:

1. Head of the Department: March 2017-March 2019
2. Chairman DRPC, DPGC 2017-19
3. Coordinator for M. Tech. (WREM) Accreditation program 2014-15
4. Departmental coordinator for B.Tech. (Civil) Accreditation 2013-14
5. Departmental TEQIP Coordinator 2004-09.
6. Departmental Academic Affairs Committee during 2004-2009.
7. Secretary, DPGC during 2005-06.
8. Time-table In-charge 2001-2004.
9. Secretary DRPC during 2006-07.
10. Chairman, DUGC- 2011-12.

Awards

Prof. Satish Dhawan State Award 2012- The Department of Science & Technology, Govt. of Karnataka, conferred Prof. Amai Mahesh with Prof. Satish Dhawan Young Engineer State Award 2012.

Prof. Satish Dhawan Young Engineer State Award 2012 was conferred to Dr Amai Mahesh by the Honourable Chief Minister of Karnataka on June 16, 2014, at the Award ceremony held at JN TATA Auditorium, IISc, Bangalore.

57.	Shivanand K	Studies on water quality around the MRPL area	1998

B.Tech. Project supervision

Sl No	Students	Title of the Thesis	Year
1.	G. Chaurasia, R. Meena and S. Saroha	Interface for groundwater level prediction using deep learning	2022
2.	Mr Niranjan A. (co-guide)	Hydraulic transients in a water conveyance system	2014
3.	Ms. Vinitha C	Effect of fresh water pumping in salt water intruded areas	2003

Courses Organized/ Coordinated

1. National Workshop on "Conservation of West Flowing Rivers in Coastal Karnataka" held at NITK Surathkal during Dec. 14-15, 2012 – Joint Secretary.
2. Deans' (Academic) Meet of NITs held at NITK Surathkal during April 3-4, 2010 – Coordinator
3. **National Conference** on Sustainable Water Resources Management (SWaRM- 2010) held at NITK Surathkal during Jan. 7-8, 2010 – Joint Secretary.

4. Refresher course on **'Irrigation Water Management'** for PWD and Irrigation Engineers of Karnataka held at NITK, Surathkal during Aug.6-10, 2007.
5. **ISTE Winter School on Water Resources Assessment and Management** held at KREC, Surathkal during 8-20 January, 2001 (Joint Organizer).
6. **Finite Element Course** for KPCL Engineers held at SJCE, Mysore, during 15-20 November 1999 (Joint Organizer).
7. **Refresher Course on Hydrology** for Engineers for PWD Engineers held at KREC, Surathkal during Aug. 19 – 23, 1997.

Invited Talks

1. *Impacts of climate change on river basins of Kerala and Karnataka* at the National Symposium on Hydrological Impacts of Climate Change and Land Use Change on Water Resources of River Basins in Kerala held at CWRDM during May 27-28, 2022.
2. *Coastal aquifers of the west coast and seawater intrusion at the conference on Water Resources of Peninsular India, held at Satish Dhawan Auditorium, IISc, Bengaluru,* during Feb. 11-13, 2020.
3. *Impact of climate change on river basins of Karnataka* at the National Workshop on Water Resources of River Basin Scale held at IIT Bombay during November 15-16, 2019.
4. *Saline water intrusion in coastal aquifers* at the three-day workshop on coastal reservoirs as a sustainable strategy for water security held at NITK Surathkal during 22-24 July, 2019.
5. *Storage schemes for water supply projects* at the CCE Course for PWD Engineers held at NITK Surathkal during Aug. 24-28, 2015.
6. *Design of Vented Dams* at the CCE Course for PWD Engineers held at NITK Surathkal during July 27-31, 2015.
7. *Design of Anicuts* at the CCE Course for PWD Engineers held at NITK Surathkal during July 27-31, 2015.
8. *Micro hydel plants along the Netravathi River from a storage perspective at the National Conference on Renewable Energy Systems and Engineering held during November 7-8, 2014*, at the Vivekananda College of Engineering & Technology, Puttur, Karnataka.
9. *Application of Galerkin finite element method* – Short-term course on application of Finite Element Method in Civil Engineering, May 30-June 3, 2011, NMAMIT Nitte.
10. *Galerkin finite element method* – Short-term course on Application of Finite Element Method in Civil Engineering, May 30- June 3, 2011, NMAMIT Nitte.
11. *Canal recharge* – Refresher course for PWD Engineers held at NITK during October 2008.
12. *Coastal aquifer management* – AICTE/ISTE Summer school on 'Water Resources Development and Management' held at NITK Surathkal during July 28- Aug. 8, 2008.
13. *Micro-irrigation system* – Refresher Course for PWD and Irrigation Engineers of Karnataka at NITK Surathkal during Aug. 6-10, 2007.
14. *Coastal aquifers management*- Refresher Course for PWD Engineers at NITK Surathkal during 18-21 December 2006.

15. *Control of seawater intrusion in coastal aquifers* -- UGC/SERC School on Modeling Groundwater Pollution during 2-29 May, 2005 at UVCE Bangalore.
16. *Saltwater-freshwater interfaces in coastal aquifers*- UGC/SERC School on Modeling Groundwater Pollution during 2-29 May, 2005 at UVCE Bangalore.
17. *Urban drainage system*- AICTE/ISTE Winter school on Design and Management of Urban Core Infrastructure in India during Dec. 20-31, 2004 at NITK, Surathkal.
18. *Finite element application to groundwater modeling*- AICTE/ISTE Winter school on Finite Element application to Engineering Problems, during Dec. 6- 18, 2004 at NITK, Surathkal.
19. *Galerkin finite element method*- AICTE/ISTE Winter school on Finite Element application to Engineering Problems, during Dec. 6- 18, 2004 at NITK, Surathkal.
20. *Salt water intrusion problems-data collection, simulation and validation of numerical model.* - Workshop on Latest Trends in Ground Water Assessment and Management held at NITK, Surathkal during 18-20 June, 2002.
21. i)*Numerical techniques in Groundwater modelling; ii) Mathematical modelling of saline water intrusion – at the faculty training course on Groundwater Assessment Techniques held at CWRDM, Calicut,* during October 3 – 20, 2001.
22. *Groundwater Management in Coastal Areas - Methods to Combat Saltwater Intrusion* - at the AICTE/ISTE Winter school on Role of Geology and Geotechnology in Country Planning and development held at KREC, Surathkal during Dec. 27, 1999-Jan. 8, 2000.
23. *Seepage Analysis Under Gravity Dams Using Finite Element Method* - at the Finite Element Course for KPCL Engineers held at SJCE, Mysore during 15-20 November, 1999.
24. *Weighted Residual Methods* - at the Finite Element Course for KPCL Engineers held at SJCE, Mysore during 15-20 November 1999.
25. *Hydrographs* - at the Refresher course on Hydrology for PWD Engineers held at KREC, Surathkal during 9-13 November, 1998.
26. *Well design and maintenance* - at the refresher course on Hydrology for PWD Engineers held at KREC, Surathkal during 9-13 Nov., 1998.
27. *Groundwater Flow Modelling using Finite Elements - at the Course on Finite Element Method on April 24, 1998,* at KREC, Surathkal.
28. *Salt-water intrusion and its prevention* at the workshop on Groundwater Development on Jan. 17, 1998, held at M.I.T., Manipal.
